

## Phlebotomist Clinicals

Clinical is the real-life experience that you need in order to complete this class. Clinical is mandatory because it is a part of the class. Clinical will be held at a separate location so that you can get the real feel of what a Phlebotomist does.

**Violation of any of the following is grounds for dismissal from the program and you will be sent home from clinical. IF YOU DO NOT ATTEND CLINICAL, ARE DISMISSED, OR OTHERWISE DO NOT COMPLETE CLINICAL WITHOUT A VALID REASON, YOU WILL FAIL THE COURSE.** You will be considered to retake the course but a clinical fee of \$25.00 per hour per student will be required (refer to Re-entrance).

**All payments, high school diplomas/equivalent, IDs, physicals, TB test/chest x-rays, and skills reviewed in class are due BEFORE clinical or you will not be attending.**

- **Be on time** – you are still in class. Clinical is not a time to be laidback because you are going to a separate location or may have previous healthcare experience. Make arrangements for transportation in advance. If you are unfamiliar with the address, find your way before schedule so that you don't get lost or late – no excuses.
- Attend all days
- Dress in your clinical attire and have your hair pullback.
- Follow all clinical site policies and procedures.
- Be very respectful of your instructor and clinical site staff – as guest it is our responsibility to uphold a positive reputation. A good impression might serve as a good recommendation for employment.
- **ABSOLUTELY NO SOLICITING FOR OR ANOTHER JOB** – This means you cannot ask for employment and you cannot discuss employment opportunities with any site employee. You will also refrain from such conversation among each other while at the site.
- **Remember that you are a student** – Do not engage in taking on assignment without your teacher's approval, employees are not under your supervision. Your teacher is fully in charge of your clinical at all time.
- **Leave all belongings in the car** – there is no place inside your car to keep your belongings.
- **Parking-** make sure to park in designated areas.
